## **Notice**

It is reported that some of the teachers are spoiling their time during their classes by doing reading of books and making notes thereby through writing of students. Classes are to make the students understand about the particular contents of the course. It is expected from all teachers to let the students aware of all niceties in a particular chapter and mere reading of books never serve that purpose. So, it is notified once again to all the faculty members of this Mahavidyalaya to supply study materials to the students through our online Institutional Learning Management System mode only. Students are also directed to make their all doubts clear through interaction with the respected teachers and for any problem one may write to mail [query@pinglacollege.ac.in](mailto:query@pinglacollege.ac.in)
